Eh, we on our way to the after party
If you don't know you better ask somebody
Get on the dance floor grab somebody
We gon' crash the party then pack the lobby

Look you can roll with a pimp like me
And chill at my spot for the weekend, eh
And if you play it right we gon' do it again

Look I don't really care if it's a black or white hoe
As long as she fine and she ain't no psycho
Spittin' my venom, gun in my denim ready to pop
It stop rainin', so I hadda pull out my drop

Common ma go and let your hair back
Why you actin' all stuck up, we can't have that
Why you talking 'bout your ex so much
You need to stop takin' ex so much, ye, ye

Tell you friends we on the 15th floor
And they can come pick you up at fo', oh-no
Just holla back when you want some more
And I'ma put it on you like a pro

I know you like pimp and smirn' off
Now take you skirt off
Your bra and shirt off, let do da damn thing
I'm done drinkin' champagne, I'ma call it a night
Eat breakfast in the mornin' then catch my flight, I'm
gone

Eh, we on our way to the after party
If you don't know you better ask somebody
Get on the dance floor grab somebody
We gon' crash the party then pack the lobby

Look you can roll with a pimp like me
And chill at my spot for the weekend, eh
And if you play it right we gon' do it again

Back of the club all we do is roll with it
If you think I'm in love girl, you don't know me

I don't show off, I like to keep it low key
But it's kinda hard, look at my Roley

35 carats, each rock is 4 G's
Pistol on my hip, I roll like an old G
I had to show ya'll I can switch up the flow
Clover G records, we about to blow

Look I can take a half and make it a brick
I can take a weak track and make it a hit
I can take a nobody and make 'em a star
I think these hoes just wanna fuck my car

But I don't give a damn cause I'm rich as fuck ya'll
If you got beef with me then fuck ya'll
I'm from the streets I ain't gotta duck ya'll
We 30 deep in the clup my nigga

Eh, we on our way to the after party
If you don't know you better ask somebody
Get on the dance floor grab somebody
We gon' crash the party then pack the lobby

Look you can roll with a pimp like me
And chill at my spot for the weekend, eh
And if you play it right we gon' do it again
