[Verse 1]

Get Loose

Vanilla Ice is here with the juice

No use for steppin' so give the bass a boost

Produced by the 3 man crew

Not a deuce just a hit man

Keepin' rappers necks in a noose

I'm gettin' juiced up

But Vanilla's not souped up

Check out the read dope track that I looped up

All you pool but sucka's plain' the back in fact black

If you run up I'll flip you like a flapjack

An' roll you up like a knap pack

Crack that skull with bat

You should've known you're rap's wacked

You lack the style and skill to even get paid

Grab the mic and you will verbally get slayed

I raid the track like a terrorist

And with my napalm bomb lyrics

I got 'em scared of this

So be prepared to be taken to the Twilight Zone

And the VIP is bad to the bone

Ain't no way against me you can get juice

Ain't no way against me you can get juice

Ain't no way against me you can get juice

Back off the stage

An' watch Vanilla Ice get loose

[Chorus]

Get Loose...all the Ladies, Get Loose...all the Fellas, Get

Loose...all the brothers, Get Loose...all the Mothers, Get

Loose...all the Sisters, Get Loose...now the Dogs, Get

Loose...Everybody, here we go, here we go

[Verse 2]

Get loose as I boost the juice

Once more for the people who wanted it

And didn't know what's in store, I've got another big hit

Of course a Vanilla rides the groove like a Gemballa

Porsche

I got Zero on the cut like a lumberjack better yet a

Butcher  
Guaranteed to put cha in the right mood  
We make ya dance in a frenzy  
Sucka's gettin' mad cuz I'm getting all the Skins, G  
Plus I'm makin' all the ends, G  
And the women wanna ride my pickle like it was a  
bicycle  
Or just lick it like a Popsicle  
I got a little time to waste so baby put it in my face  
I wanna taste you netcha and I bet-cha  
I get-cha, right where I wan-cha  
And I'm about to let-cha have it  
I'm talking about my carrot, you're the bunny rabbit  
Here it is baby doll, honey, grab it  
Open up so I can have it  
Ooh...wee do like BBD and do me baby  
You're the lady who makes me looney Screamin' Ice ice  
Baby  
Straight knockin' the boots just Cause I'm a super star  
And she knows this that's why I do her far  
Or should I say long, If you know what I mean  
I'm talking about my Ice cream yea  
I make the girls scream, as I give up the juice  
Vanilla Ice is here, to make the girls get loose..
