Yeah

It's Lil' Flip, Seville

Know I'm saying

We gone do this for the girls though

Do you wanna F L I P with S E V I L L E

Flip with Seville tonite

Do you wanna F L I P with S E V I L L E

Flip with Seville tonite

Check me out, you ain't got to stereotype me because
I'm a rapper

'Cause after every show I be on another chapter

Not running to them hoes, but I'm running to my do'

'Cause when I make money I don't shine, I just glow

If I don't work, then I don't eat

So I'm not tricking 'cause I'm looking for the treats

And if you play it right girl we could take it far

How 'bout walking in the park, rolling in my Jaguar

You know you got me hypnotized up, sliding them
thighs up

Get ready to slide up, open you wide up tonite

You know you got me hypnotized up, sliding them
thighs up

Get ready to slide up, open you wide up tonite

Tonite, tonite, tonite

I wonder if I broke both arms would you right a flow for
me

If a girl scratched my car would, you fight a hoe for me

Go out of town and go get the dough for me

If I can't buy weed, would you grow for me

If I go to jail will you come and get me out

If a nigga got tickets, would you go and set it off

I don't know but I'ma find out, that's what I wanna know

'Cause I'm looking for a girl, I'm not looking for a hoe

Everyday I got a show, but I don't fuck around

And a nigga making money as soon as I touch the town

I'm a million dollar star, with a million dollar car
We could get in the jacuzzi and blow a cigar

With some hash in it, six car garage with some Jags in it
Nigga got a trunk, and I got ten bags in it
Went to buy some Gucci and some Prada
And niggas know I'm a leader Lil' Flip will never follow,
holla

You know you got me hypnotized up, sliding them
thighs up
Get ready to slide up, open you wide up tonite
You know you got me hypnotized up, sliding them
thighs up
Get ready to slide up, open you wide up tonite
Tonite, tonite, tonite

I was lying, about taking a walk in the park
But girl I got some weed, where's the lighter let's spark
I'll tell you about me, you tell me about you
And if you play it right I might start calling you boo

Got to cook for a nigga, write a hook for a nigga
If you say the law's coming, then look for a nigga
'Cause a nigga need a gal, who's a ride or die chick
Excuse my French, I need a ride or die bitch

All I want to do is come, inside
Girl tonite I wanna make you feel alright
Ooh, baby girl you feel so tight tonite
I like, I like, I like

All I want to do is come, inside
Girl tonite I wanna make you feel alright
Ooh, baby girl you feel so tight tonite

I like, the way you feel
Tonite
I like, the way you feel
Tonite

You know I love the way you feel
The way you feel is so so real
