I've got a range in my kitchen, sho' bakes nice and
brown (x 2)
All I need is some good daddy, who turns my damper
down

And my stove is automatic, you don't have to burn
wood or coal (x 2)
I got _____ match baby, and stick right in the hole

And it's yas yas baby, my stove is all cleaned out (x 2)
I always keep it in good condition, you know what I'm
talkin' about

Mmmmm... my pot is boiling low (x 2)
If you can't keep it percolatin', Baby I swear you'll have
to go

I don't want no charcoal, if you can't bake my biscuits
brown (x 2)
When my wood gets too hot, I swear you'll have to turn
my damper down.
