Rock that thing!
Oh, rock that thing!
When you hear those piano keys
It will make you shake from your head to your knees
Just rock that thing! Oh, rock that thing!
Grab your gal, hold her tight
Now you can rock that thing just right!
Rock that thing!
Baby, let's rock that thing!

Rock that thing!
Oh, rock that thing!
Preacher in the pulpit shakin' his text
Sister Jane's in the corner hollering, "Who'll be next?
Just to rock that thing, oh, rock that thing!"
Preacher said, "Sister don't be so bold
I'll do something just to save your soul
Rock that thing, sister, let's rock that thing"

Rock that thing, oh rock that thing!
Pictures on the wall are trying to dance
The rug's on the floor hollering, "Give me a chance
To rock that thing, oh, rock that thing!"
Bring in a gallon¹ and serve a pint²
I'm gonna rock that thing all night
Rock that thing, babe, I'm gonna rock that thing!

Rock that thing, oh rock that thing
Mama and papa sitting in a chair
Mama said to papa, "Listen here
Let's rock that thing, oh, rock that thing
Got a brand-new dress, a brand-new hat
I'm gonna stroll from flat to flat
Just to rock that thing, baby, just to rock that thing!"

Note 1: U.S. gallon, about 3,79 liter;

Note 2: pint, about 0,476 liter.
