"Shake Man Blues"

I've got a man, he is nicely my size
I've got a man, he is nicely my size
He trembles in the middle, and shakes on every side

My man quit me, for a gal named Ann
My man quit me, for a gal named Ann
Go on, honey, someday you will understand

I never forget the things he done for me
I never forget the things he done for me
But that's all right, he will come back to me

A dollar is a dollar, if it's a greenback bill
A dollar is a dollar, if it's a greenback bill
If he don't come back, some other man surely will

The man I love, the man I hate to lose
The man I love, the man I hate to lose
That's why you hear me singin' those shake man blues
