Take it easy greasy, love me 'till I get enough
Take it easy greasy, now baby don't you get so rough
Hug me honey, squeeze me tight
You need not hurry 'cos you got all night, so
Take it easy greasy, love me 'till I get enough (I got to
have it)
Love me till I get enough

Take it easy greasy, love me till I get enough
Take it easy greasy, now baby don't you get so rough
I'm going down town to old Butcher Beat
'Cos I wanna piece of his good old meat, so
Take it easy greasy, love me 'till I get enough (I got to
have it)
Love me till I get enough

Take it easy greasy, love me till I get enough
Take it easy greasy, now baby don't you get so rough
I call you this morning about half past two
Now tell me daddy what you going to do, so
Take it easy greasy, love me 'till I get enough (I got to
have it)
Love me till I get enough

Take it easy greasy, love me till I get enough
Take it easy greasy, now baby don't you get so rough
Sweet as candy in a candy shop
It's just your swet sweet lollypop, so
Take it easy greasy, love me 'till I get enough (I got to
have it)
Love me till I get enough

Take it easy greasy, love me till I get enough
Take it easy greasy, now baby don't you get so rough
The jaybird say to the peckerwood,
Now I'll let you peck just like a pecker should, but
Take it easy greasy, love me 'till I get enough (I got to
have it)
Love me till I get enough
