[Big Gipp talking]

Hello what's happening world?

Yo this Big Gipp I've been called down

By Lil' Jon & The Eastside Boyz

To tell you what's really happening

On these streets in the A-town man

Cause you know a lot of shit going on

A lot of flaw, a lot of people moving up

A lot of people moving down

You know what I mean, but after this

I'm a tell you the truth now

Now after these 12 bars the world is gonna know a few facts

And after these 12 bars you might get your shoulders in your laps

See the neighborhood boys and the economy getting worse

The candy lady jumping fifties outta Easter purse

Bill Kammer gone, Shirley Franklin in

The GC closed down, Mike Chiles got ten

The feds locked the pimps up for pimpin in the south

You may control her mind, but you can't control her mouth

And these R&B stars having sex with the kids

Need to be chopped up and castrated and served to the pigs

Oh yeah homeboy, you big time in yo state

But around here sucker, you get squeezed like grapes

This a word to the wise, the gravy get chunky

Somebody will pull that steel, throw it up an get funky

I got that Wayne rims, Winnie the Pooh and Mr. Miyagi

And horse tranquilizers that will fuck up your body

The wolves out hunting they looking for new meat

Better gather up your guns and keep yo chillin out the street

I said the mutant's out hunting, he looking for fresh meat

Better gather up your guns and keep yo chillin out the street, nigga
