Want you to sing to these ladies man

Uh oh oh oh...Uh oh oh oh

Usher:

Baby, how you doin

Hope that you're fine

Wanna know what you've got in mind, tonight

Got me feelin like Jodeci

Girl I can't leave you alone

Take a shot of this here protrone

And its gone be on

VIP done got way too crowded

I'm about to end up callin it a night

You should, holla at your girl

Tell her to shake in the scene

Pull off beep beep shotgun in the GT & Jeep

She said Oooooohhh I'm ready to ride, Yeah

Cause once you get inside

You can't change your mind

Don't mean to sound invasion

But you've got to promise baby

Tell Me Again... (Tell me again my baby)

And We'll Be Lovers & Friends... (Oh, I gotta know baby,
Oh yeah)

Tell Me Again... (Make sure you're right, oh, before we
leave)

And We'll Be Lovers & Friends... (Oh, Oh its a good look
baby)

Ludacris:

Sometime wanna be your lover

Sometime wanna be your friend

Sometime wanna hug ya

Hold hands, slow dance while the record spins

Opened up your heart cause you said I made you feel
so comfortable

Used to play back then now you all grown up like rudy
hugstable
I could be your bud, you could beat me up
Playfight in the dark then we both make love
I do, anything just to feel your butt
Why you, got me so messed up
I don't know, but you gotta stop trippin
Be a good girl now turn around and get these whippins
You know you like it like that, you don't have to fight
back
Here's a pillow, bite that
And I'll be settin separate plays so on all these
separate days
Your legs can go they separate ways

Tell Me Again... (Tell me again my baby)
And We'll Be Lovers & Friends... (Oh, It's a good look
baby)
Tell Me Again... (Tell me over & over & over again)
And We'll Be Lovers & Friends... (Make sure you're right
before you choose)
