we from the 1-4 joe  
and we don't play no jokes  
cause in the village  
you mustin fear it  
and we didn't shot it  
if you didn't see it  
cause we be living that lobby life  
we got all kinds of hypes  
in our neighborhood  
were it feel so good  
when you walk through the hood  
you wish you never would  
because yo ass would come out looking like swiss  
cheese  
cause its so hot yo ass can't breath  
so you wear your shirt of like Breed  
then somebody come robe yo ass by the name of ED

(Chorus)

in the the Village were we live  
in front of my house we had a hill  
were we use to sit and wait on chokes  
Because our moms and our refridgerators was broke  
(repeat)
