[Verse 1:]

I been thinking 'bout you all night
Wondering if you doing me right
Chilling back ready to turn of the night lights
Sleeping with my pillow tight
Thinking it's all right
Hanging with my home girl the next day
Talking 'bout why I'm so happy today
Then she said something that made me and unhappy
I was ready to hurt somebody
Because I just heard you messing
With another girl
I thought I was your whole world
Needed you to keep it real with me
But I guess it was all a dream
So it is what it seems
You just ain't the one for me

[Chorus (2x):]

Why you ain't tell me
(just heard, just heard)
Boy it's ova
Because I just heard you messing with another girl

[Verse 2:]

Don't come back tome
It's your fault you lost me
I can find someone better than you

Someone who is real and sexier too
So stay with that ugly trick
I really trusted you
But that trust affected you (your a freaking d**k)
I'm straight with out you
I ain't trippin' off of you
So go do what you do
But one thing
No one will love you like I do
So tell that trick she can have you

[Chorus (2x):]

Why you ain't tell me

(Just heard, just heard)
Boy it's ova
Because I just heard you got another girl

[Hook:]
Just heard
Ya ya
You got another girl
Just heard
Ya ya
Someone else is your whole world
So it's ova
Between me and you
Nice seeing you
Oh oh ya ya
Nice seeing you
Nice lovin you
But it's ova
Right now, between
Me and you
Over
Ya
