This loves got me so insane
You know he loves it when I scream his name
Tie me up in schackels & chains
His blood pumpin' through my vains
(X2)

Remeber when I first saw your face
A smile like that can't be replaced
Ask me for my name see you got some taste
You so sweet I call you glaze
You my brown sugar see you fine as wine
And with age your great so I'll take my time
I'm the diamond that you rock everytime you shine
I love the way you love me and I'm glad your mine

Now baby I got your fix
And boy you got some tricks
You got some lips like diangelo
If you never knew I love you while now you know

This loves got me so insane
You know he loves it when I scream his name
Tie me up in schackels & chains
His blood punpin' through my vains
(X2)

Feeling the heat like you got the flu
Well let this fever take over you
Your the only one that I can't deny
You say you're wrong so much I try

The girl goes to the brim
Baby there's no need to trim
Rockin the boys takin me to the rim
Lookin good in my lauren bill

Well baby I got your fix
And boy you got some tricks
You got some lips like diangelo
If you never knew I love you while now you know

This loves got me so insane

You know he loves it when I scream his name
Tie me up in schackels & chains
His blood pumpin' through my vains

This loves got me so insane
You know he loves it when I scream his name
Tie me up in schackels & chains
His blood pumpin' through my vains

You know I'm singing to you baby in the hook
So let me break it down for you like a book
Tellin me you're a thug on the real yous a crook
Cuz my heart that you took now my bodys all shook
You know it's insane the way you make it rain
And he gives it to me so I can't complain
You know I do too much when I'm feelin my crush
I know I shouldn't rush but you make me wanna touch
It's so hot when you come around
Baby boys so tough let me work you down
Now that's the spot when you hear me sound
Baby baby's so hot make me touch the ground
They call him killa round here
Girls that fuck it
Get crushed round here
He's a bad thing poppin there aint a damn thing
stoppin
Cuz I do what I think he likes
Give him what I think he likes
Take him on a crazy ride

This loves got me so insane
You know he loves it when I scream his name
Tie me up in schackels & chains
His blood pumpin' through my vains
(X2)
