[Chorus]

Everyday (day), every night (night)
I wanna see you baby, staying by my side
I'm going down on my, on my knees for you
for your love I'd do it, for your sake, believe I do
If you don't love me, why do you raise my hopes
No matter what happens, I can't let you go
You got it wrong, I didn't wanna hurt you
I wanna be all the world to you

[Verse One]

I've not the faintest idea, why aren't you talkin to me
I'm try'nna be the perfect man, you always want me to
be
I'm accustomed to you, you're a part of my life
Everything I told you honey, I've nothing to hide
you're my little angel, you're my little star
I'm still waiting every hour, you're so close to my heart
All my life I've been waiting, for one moment in time
We're together I adore your eyes, I so adore your sweet
smile (girl)
I don't give a damn about what somebody told you
I will ever be your man 'cause baby I love you
If the worse comes to the worst, I'm gonna hold you
I feel you far from believing it
We walk through the world where nobody has been
before
turn back the hands of time, open every door
I swear I will lay you down and sure I love you more
to retrieve your affinity

[Chorus]

Everyday (day), every night (night)
I wanna see you baby, staying by my side
I'm going down on my, on my knees for you
for your love I'd do it, for your sake, believe I do
If you don't love me, why do you raise my hopes
No matter what happens, I can't let you go
You got it wrong, I didn't wanna hurt you
I wanna be all the world to you

[Verse Two]

You look into my eyes, put me out of my misery
I have never told lies, I hope that you come back to me
I want to spend my time in loving you forever
No matter what happens, we must stick together
Come on trust in my words, give me your heart back
again

Kiss my lips, touch my hand, give me a second chance
My heart is bumpin, have a feeling that I've never felt,
If I'm allowed to be with you, the luck is comin to my
world

So far as I remember, you was perfectly happy
To find someone like me, in a world full of traffic
I fulfill your dreams, its not only taffy
You're the only one for me
We walk through a world where nobody has been
before
turn back the hands of time open every door
I swear I will loy you down and sure I love you more
To retrieve your affinity

[Chorus]

Everyday (day), every night (night)
I wanna see you baby, staying by my side
I'm going down on my, on my knees for you
for your love I'd do it, for your sake, believe I do
If you don't love me, why do you raise my hopes
No matter what happens, I can't let you go
You got it wrong, I didn't wanna hurt you
I wanna be all the world to you

If you don't love me, why do you raise my hopes
No matter what happens, I can't let you go
You got it wrong, I didn't wanna hurt you
I wanna be all the world to you

[Chorus]

Everyday (day), every night (night)
I wanna see you baby, staying by my side
I'm going down on my, on my knees for you
for your love I'd do it, for your sake, believe I do
If you don't love me, why do you raise my hopes
No matter what happens, I can't let you go
You got it wrong, I didn't wanna hurt you
I wanna be all the world to you

Every day, day, day, day
Every night, night, night, night
Every day, day, day, day
Every night, night, night, night
I wanna see you baby (every day, day, day,day)

staying by my side
Every day, day, day, day
Every night, night, night, night
Every day, day, day, day
Every night, night, night, night
I'm accustomed to you
