I need you by my side
Baby can we ride
'Cause there'll never be another like you baby
I want you in my life
Let me come inside
'Cause no other can make me feel the way you do

You look so good standin' there
And I can't help but stare
You got me dancing in the rain like Fred Astaire
Homeboys wanna talk their shit but I don't care
I just wanna run my fingers through your hair
Hold your hand and hope you feel the vibe too
You're beautiful mija, I think I like you
I'd like to invite you to hit the town if you'd like to
I bet you'd light up the night too
There's something about you
That tells me not to leave without you
And so I'm not about to
I'm glad that I found you
You affect everyone around you in a good way
Everyday's a good day
You have a smile that drives me wild
You carry yourself with class and style
The kind of girl that I've been searchin' for
But I don't think I need to search no more
You're such a score

I need you by my side (my side)
Baby can we ride
(Come and ride with me, come and ride with me)
'Cause there'll never be another like you baby
I want you in my life (my life)
Let me come inside
(Spend some time with me, spend some time with me)
'Cause no other can make me feel the way you do

We could be in the desert lost without a place to go
But we'd be so in love that we wouldn't even know
Who needs a TV and who needs a radio
I don't need nothing just me and my babydoll
If you need anything at all give me a call

No matter how big, no matter how small
The problem may be, doesn't matter call me baby
I'd like to speak with you,
I'd like to spend a week with you
To get to know each other
To find out that we're for each other

You for me, me for you, us for one another
And I can't see it any other way
I imagine us on a sunny summer day
With the top down your hair blowin' in the wind
You look so good and I feel good within
And I think I owe it all to you
There's nothing my babydoll can't do
I fuckin' love you

I need you by my side (my side)
Baby can we ride
(Come and ride with me, come and ride with me)
'Cause there'll never be another like you baby
I want you in my life (my life)
Let me come inside
(Spend some time with me, spend some time with me)
'Cause no other can make me feel the way you do

I wish you'd look me in my eyes
So you could see my soul
And know I'm the guy that never wants to make you cry
You'd be my life, kiss you goodnight
Wouldn't wanna go to sleep because I'd miss you at
night
And that's why I keep you in my dreams
Until I figure out whatever it means
I gotta find the nerve to let you know
That once I have you I won't let you go

No matter what I gotta do
I'ma give my love to you
I'ma show you that I need you
Let me show you that I care
No matter what I gotta say
I'ma make sure that you stay
In my life forevermore
Babygirl you're the one I've been lookin' for

I need you by my side (my side)
Baby can we ride
(Come and ride with me, come and ride with me)
'Cause there'll never be another like you baby
I want you in my life (my life)
Let me come inside

(Spend some time with me, spend some time with me)
'Cause no other can make me feel the way you do
