With a saucy flow and a trill solo cause they be loving

And I love the way stiletto fits you

Here goes some ones, fives and tens, take these

Just realize that you fuckin' with a million dollar

Mexican, who did his shit

I love what your booty sayin'

When it's clappin' in my face

Ya-da-da, I'm sayin'

Mexicana

Black, white and oriental

Love to do it, bucked, treck it, while I smoke a leno

Oh, you ain't know

Well, welcome to the doggy show

Stack that bread, stack that feri', stack that federal

[Verse 2: Lil Rob]

I do that rap thing, make that money, we likes to party
and shit
I might throw a little bit at some beautiful chicks to strip
Come here, baby
I like the way you look, the way you shook, your ass on
the stage
You do
Good at what you do, get paid, can't
Help us, (?) this way
You're fucking beautiful, baby
You got that look in your eyes
You telling me lies, I don't care, mija
Open your thighs
Open 'em wide, put your fingers inside
Here's another bill, for another cheap thrill
Her loves can kill, she would've killed me for real
They're out for the money
And they know I gots a little
And I'm out for a good time, even though it costs a little
Fuck it
It's only money, money comes and goes
When you got a little bit of ferria, the women come with
no clothes (Feria)

[Break]
