[Phone Ringing:]

Hello?

Nah, I'm still recording. What's happenin'?

Nah I'm just...nah.

Hey wait a minute, wait a minute.

Hey let me say something to you.

V1:

I know my life is kinda rough on you

Kinda tough on you

But this is what I do, it's what I did when you met me  
too.

Why would anybody wanna put chains on me?

I've paid my dues to make it & kept it real with you &  
never faked it

Everybody wants me to be what they want me to be

I won't be happy when I should be

Fuck that, that isn't me

You can't see my visions, how you alter my decisions

How my disisions keep me from makin' millions

Love makes you do foolish things

Sit alone by the phone

A phone that never rings

& when it rings it's more like

"Where the fuck you at?" I'm tired of this shit

& don't got time for that, I'll call you back.

Why even bother?

All we do is holler, and shout

Yellin' about something but don't know just what about

It's kind of fucked-up 'cause I'm supposed to make you  
my wife

You love but don't trust me

Don't want a part of this life

It's alright.

Chorus:

I know your mad at me, done had it with me

I know it feels like forever, like you'll never be happy  
with me

Just when you think I don't, I understand

Jost One of Your Kisses would make me feel so grand.  
I know your mad at me, done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
But I'm your man & I understand  
Jost One of Your Kisses would make me feel so grand.

V2:

See I could only imagine how it feels to be in your  
shoes  
These other girls think your lucky  
These other girls have no clue what you go through  
But you forgot that I respect you  
I'm on way to the top 'N' shit I won't forget you.  
I've been doin' this for 13 years 'N' how in the fuck can I  
stop?  
I feel like I'm stuck between a hard place & a rock  
Your at the pad  
You've been mopin' alot  
I'm hopin' your not  
I'm at the pad smokin' alot  
Dealing with feelings  
So tell me how you feel about mine  
I'm talking to you & shit I'm bein' real about mine  
I know you love me but you hate me  
Brake up to make up  
& I know it drives you crazy waitin' for me to wake up  
& I don't know what you tell all your friends  
But there's 2 sides to every story before it all ends  
So if you decide to get up when push comes to shove  
I wish you love with no grudge, because I love that  
much & that's love.

Chorus:

I know your mad at me, done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
Just when you think I don't, I understand  
Jost One of Your Kisses would make me feel so grand.  
I know your mad at me, done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
But I'm your man & I understand  
Jost One of Your Kisses would make me feel so grand.

V3:

I know your mad at me done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
Just when you think I don't, I understand  
Jost One of Your Kisses would make me feel so grand.

& you know me, so baby let things be  
'Cause I'm a be who I am, so baby let me be  
I'd give you the world if you just let me  
Make you the misses with just one of my kisses.

Chorus:

I know your mad at me, done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
Just when you think I don't, I understand  
Jost One of Your Kisses would make me feel so grand.  
I know your mad at me, done had it with me  
I know it feels like forever, like you'll never be happy  
with me  
But I'm your man & I understand  
Jost One of Your Kisses would make me feel so grand.
