Hello?
Nah, Iâ€™m still recording
Whatâ€™s happening?
Nah justâ€¦ nah, wait a minute, wait a minute
Let me say something to youâ€¦

I know my life is kinda rough on you, kinda tough on
you
But this is what I do, itâ€™s what I did when you met me
too
Why would anybody wanna put chains on me?
I paid my dues to make it, kept it real with you and
never faked it
Everybody wants me to be what they want me to be
I wonâ€™t be happy when I shouldnâ€™t be, fuck that, that
isnâ€™t me
You canâ€™t see my visions, how you alter my decisions
How my decisions keep me from makinâ€™ millions
Love makes you do foolish things
Sit alone by the phone, a phone that never rings
And when it rings itâ€™s more like, where the fuck you
at?
Iâ€™m tired of this shit and donâ€™t got time for that, Iâ€™ll
call you back
Why even bother? All we do is holler and shout
Yellinâ€™ about somethinâ€™ but donâ€™t know just what
about
Itâ€™s kinda fucked up, â€™cause Iâ€™m supposed to make
you my wife
You love but donâ€™t trust me donâ€™t want a part of this
life, itâ€™s alrightâ€¦

I know youâ€™re mad at me, done had it with me
I know it feels like forever, like youâ€™ll never be happy
with me
Just when you think I donâ€™t, I understand
Just one of your kisses would make me feel so grand
I know youâ€™re mad at me done had it with me
I know it feels like forever, like youâ€™ll never be happy
with me
But Iâ€™m your man and I understand
Just one of your kisses would make me feel so grand

See I can only imagine how it feels to be in your shoes
These other girls think you're lucky
These other girls have no clue what you go through
But you forgot that I respect you
I'm away to the top and shit but I won't forget you
Been doin' this for 13 years now how in the fuck can I
stop?
I feel like I'm stuck between a hard place and a rock
You're at the pad you been mopin' a lot
I'm hopin' you're not, I'm at the pad smokin' a
lot
Dealin' with feelings, so tell me how you feel about
mine
I'm talkin' to you and shit I'm bein' real about
mine
I know you love me, but you hate me, break up to make
up
And I know it drives you crazy, waitin' for me to wake
up
And I dunno what you tell all your friends
But there's two sides to every story before it all ends
So if you decide to get up when push comes to shove
I wish you'd love with no grudge because I love you
that much
And that's love...

I know you're mad at me, done had it with me
I know it feels like forever, like you'll never be happy
with me
Just when you think I don't, I understand
Just one of your kisses would make me feel so grand
I know you're mad at me done had it with me
I know it feels like forever, like you'll never be happy
with me
But I'm your man and I understand
Just one of your kisses would make me feel so grand

I know you're mad at me, done had it with me
I know it feels like forever, like you'll never be happy
with me
Just when you think I don't, I understand
Just one of your kisses would make me feel so grand
And you know me so baby let things be
'Cause I'ma be who I am so baby let me be
I'd give you the world if you'd just let me
Make you the misses with just one of my kisses

I know you're mad at me, done had it with me
I know it feels like forever, like you'll never be happy
with me

Just when you think I don't, I understand
Just one of your kisses would make me feel so grand
I know you're mad at me done had it with me
I know it feels like forever, like you'll never be happy
with me
But I'm your man and I understand
Just one of your kisses would make me feel so grand
