I'll be right here
Doin' what I'm supposed to

[Chorus]

[Verse 3:]
Hittin' front and back, in a Cadillac
You might see me in a 63 (You might see me in a 63)
Hit the switch, lift it up and go
Won't you take a little trip with me
I'll see what I see
Summer breeze rustling through the trees
And there ain't no place I'd rather be (There ain't no
