Let me come (back)
I want you (back)
I need you (back)
I love you (girl) uh oh uh oh

I love you (girl)
I want you (back)
I need you (back) uh oh uh oh

I need you (back)
I love you (girl)
I want you (back)
(girl let me come back) I just can't go on without you
girl (just let me come back)

Kicked out of my girls past to bad I deserved
That but I did I popped of at the mouth like
A kid and now I think about the consequences
Of how I make her feel and why I'd make
Her feel like that when she loves me for real
For real that's the real deal
I love her to but you could probably never tell by the
Way she was spoken to and the way that I treated her
She don't need that especially when she takes care of
me
When I'm needing her I need her now she ain't around
I'm feeling down and I feel like I'm losing my mind
Were together all the time I can't stand the separation
Why would I wanna cause her all this aggravation
It's a frantic situation now I'm waiting and I'm wishing
Hoping that she give me a call I keep on thinking that
my
Phone is ringing who am I kidding it isn't ringing at all
(just let me come back)

Baby I'm sorry didn't mean to hurt you
It'll never happen again I know i said the same
Thing last time but now I'm asking will you give me one
Last try let me come back now (uh oh uh oh)(uh oh uh
oh) girl let me come
Back now (uh oh uh oh) (uh oh uh oh) just let me
come back

She told me that I broke her heart I know I said some things
Lo siento I said a lot of things I didn't mean I was mean
And cold hearted my hearts been broken since we parted
She set me straight on April 14, 2008 and I'm a fly straight like
An arrow because I love you mija yo te quiero you're my chika
Let me come back now I need to be back in your life like right now
I'm really feeling the pain this loneliness is a bitch it's driving me insane
What did I do look what I've done how could I do this to you when you're the one
I realize and I apologize and baby I just really wanna come back
I love you so much please tell me you still love me like that and take me back
Baby I'm sorry didn't mean to hurt you
It'll never happen again I know i said the same
Thing last time but now I'm asking will you give me one
Last try let me come back now (uh oh uh oh)(uh oh uh oh) girl let me come
Back now (uh oh uh oh) just let me come back
I want you (back)
I need you (back)
I love you (girl) uh oh uh oh
I love you (girl)
I want you (back)
I need you (back) uh oh uh oh
I need you (back)
I love you (girl)
I want you (back)
(uh oh uh oh) I just can't go on without you girl

Just let me come back (uh oh uh oh)
Fingers on the track come back (uh oh uh oh)
