contemplatin' the situation  
havin' complicated conversations with lacerations, so  
deep like my sleep  
i can't believe that this is what im facin  
my heart is racin and its breakin  
i cant think straight and im spacin im pacin  
tryin to figure out the answer to the equation  
i need some kind of inspiration  
wont let me in i got no reservation  
wont let me in i got no invitation  
relationship with limitations  
imitation  
but she gots me chasin  
dont wanna have to do it  
dont wanna have to say i didnt have to  
cause then its too late  
and yesterday is somethin that i cant go back to  
(damn)

didnt want to have to do it  
see i dont wanna have to let you go  
didnt want to have to do it  
baby tell me that it isnt so  
didnt want to have to do it  
cause i dont wanna have to let you go  
didnt want to have to do it no no no  
at all at all at all  
at all at all at all

i dont wanna have to let you go  
i know that we could work this out if you want to see  
god knows how much i want to and how bad i want you  
dont want it if its not you  
youre irreplaceable i was irresponsible but  
responsible for the break up  
but i know the kind of woman you are and i would do  
anything for the makeup  
cant believe what i did  
to make you wanna pack up everything and  
leave with the kids  
its killin me but to you it is what is is and

i just lost my reason to live  
dont wanna have to do it  
cause yesterday is somethin that i cant go back to  
or else then i do it  
and change everything so i can have you man

didnt want to have to do it  
see i dont wanna have to let you go  
didnt want to have to do it  
baby tell me that it isnt so  
didnt want to have to do it  
cause i dont wanna have to let you go  
didnt want to have to do it no no no  
at all at all at all  
at all at all at all

i dont want to have to do it  
let you go because i blew it

so i promise to you and i promise to god that rob  
aint gonna do the expected  
but the unexpected i consider what you thought i do  
for the new resurrected  
dont want to have to do it  
dont wanna have to say i didnt wanna have to  
cause then its too late
