Lil rob

Yeah

Its kinda fucked up man

All these kids wanna be grown up

Gangster gangster and all that kinda shit

Ey I'll be honest with you man

I smoke marijuana dogg but that's about it

Chamacos on the calles living la vida loca

Eleven years old experimenting with drogas

Smoke a little weed

Snort a little coca

Ill just try it one time homie lets see que onda

Its so addictive and you get so addicted

Becomes a habbit

They gotta have it and then can't kick it

There's nothing funny about being a druggy

I know a lot of people fucked up became a junkie

Used to dress gang-started looking kinda funny

Do what they say you can really learn a lot from a dummy

You get wrapped up in it like a mummy

Next thing you know your on your hefas purse stealing the money

And you got it so bad

If you aint got it you go mad

Wont stop untill you get a tolk tagg

Somebody please give me just a minute homie

To let you know that there aint no future in it homie

We like to get all fucked up you know homes

(there aint no future in it homie)

We do drugs till were all sucked up you know homes

(there aint no future in it homie)

I smoke weed cause it grows from the seed but the other shit

(there aint enough to get you in it)

As if it makes you scratch and bleed twitch and shit

(homie i aint fucking with it)

Homes is like miss s domes

We both know that is wrong but it's much too strong to

let it go
Some do some don't
The ones that do are fucked always end up stuck in a
rug
In love with the drug
Do sick shit for a fix
Too many good people ended up in that mix
They scratch and they twitch
They stand and they sit
But they can't sit still the drugs the chill pill
They do what they do and I'll let it be
Cause in reality they ain't bothering me
Even though is kinda fucked up to see
I can only feel lucky but that isn't me
But you know i could have easily been
Its not like it wasn't around all over the town
People looking for the droga their head on the ground
Another overdose another body was found

We like to get all fucked up you know homes
(there aint no future in it homie)
We do drugs till were all sucked up you know homes
(there aint no future in it homie)
I smoke weed cause it grows from the seed but the
other shit
(there aint enough to get you in it)
As if it makes you scratch and bleed twitch and shit
(homie i aint fucking with it)

I don't have to prove to you what i been through
Just letting you know what i seen and what ive been into
We go out we stay late till the day breaks
We be at siscos drinking and huffing spray paint
Sparking it up more than the scrape plate
Getting fucked up till we can't see straight
Hit the calles to go start some havick
Then go gang banging in my homeboys maverick
I remember bumping some ???? ??????
My cuete is loaded and so am i
And you can tell by the look in my eye
That i aint giving a fuck homeboy
We live to die but that was just the thing to do at the
time
Get toghether get high and go pull some crimes
But the truth is you got a fucked up mentality bet
Your gonna get a fucked up reality check

We like to get all fucked up you know homes
(there aint no future in it homie)
We do drugs till were all sucked up you know homes
(there aint no future in it homie)

I smoke weed cause it grows from the seed but the
other shit
(there aint enough to get you in it)
As if it makes you scratch and bleed twitch and shit
(homie i aint fucking with it)
