As I look around at all these smiling faces
I don't trust them, I've got no one to depend on

[Chorus]

Ain't got nobody to depend on, no tengo nade
Don't need nobody but myself, can't trust nobody
'cause everybody that I've trusted has done me wrong
No tengo nade, ain't got nobody to depend on

Some people make up lies staring you down and shed
your name
Smiling faces all in my face but all this time wanna take
my place
Give me the pat on the back then the stab in the back
Trying to hold me back now I'm back
All these fools talking smack, figure that
It's been this way since Junior High, everybody
whispering shit
But like I said before jealous was never cool not even a
little bit
I know you're phony, but who's the one who hit the
scene when I was 16 with the bullet
I came this close to do it but I blew it, I was foolish
Kicking back on the corner smoking a j everyday
Some things never change, I'm still that way infact
today
I got so blazed, it was so magnificent
First you saw it then you did it
Disappear like a magic trick with my magic sticks
Then I disappear in the smoke as you soak in your lies
Lil' Rob lighting up the sky like Fourth Of July
I can't believe myself, how I could subdue and just
deceive myself

[Chorus x2]

Mistakes, I know I made a few
But I'm only human, you made mistakes too
I crease my Levis one leg at a time just like you
But you wanna keep talking shit telling stories that are
not true
Let's get it on, like a possom you try and cover your

tracks

'cause you'll be a rat like Donny Brosco
Now and then I lose my way, feeling like I never knew
my way
Thinking all those times that blew away, opportunities
that I threw away

If I had wings I'd fly away, and I would do this night and
day
Oh by the way I like to play from Saturday to Saturday
It doesn't matter ay, what you say
I was told don't let no one get you down and turn that
frown upside down
See you can depend on me but I could never seem to
depend on you
I try and look you in the face but then again I can't see
two
What do I do? I'm so confused, someone's got to lose,
I'd hate to be in your shoes
I'd probably be dressed in the county blues singing the
blue to the things that I choose
Didn't I blow your mind this time? It was probably
already blown
Ain't got no one to depend on homey
Lil' Rob, what am I on?

[Chorus]

Everybody is somebody's fool, there's no exception to
the rule
There's no guarentee that the one you love is gonna
love you
But I refuse to be like I used to be, everybody using me
Watching over and schooling me, I know what they
want to do to me
Only out to make a fool of me
Don't try to be schooling me please 'cause I don't need
to retire
Throwing eyes at my steel and make me feel like
everyone's dealing
I'm peeling too many 'cause I'm the one that rocks
steady
If you're not ready, get ready, fool this is it I've got
plenty
And I won't stop, til I see that pretty penny, that's heavy
Just like a Chevy on twenties hitting switches
I'm hitting thirty nine inches and leaving you bitches in
twitches
While all you snitches be snitching and wanna be
burning down riches
I got you twisted like robes while I'm breaking down on

your hoes
You make me laugh just like jokes, I fade away just like
Ghost
You wanna turn you back on me pero, es tave
I got no one to depend on homey, no tengo nade

[Chorus]
