Ooh

[Verse 1]

I hope you don't mind but I'd like to steal a moment
Of your time I just want to get to know you all it took
Was one look and I was hypnotized mesmerized by
your
Pretty smile and your pretty eyes your so captivating
Defiantly soul shaking breathtaking got me craving for
Your lovemaking I'd like to get together to get to know
You a little better the kind of things you like if you like
Me too you know whatever I'll pick you up for a date
And I'll promise I won't be late in fact I'll be early cause
to
Be honest with you I just can't wait

[Chorus]

Ooh baby baby
Ooh baby baby
Ooh baby baby
Ooh baby baby

[Verse 2]

I'd love to take you out maybe we can hit the town
would
You like that dinner and a movie I mean we can go
dancing
Cruise around how's that sound like to show you a
good time
If you wouldn't mind it would be my pleasure see I can't
think
Of anything better or anything I would rather do what
could
Beat the time with you share a couple of thoughts
share a couple
Of laughs with you that will do I just know I can have a
blast
With you let the good times roll I'd like make them to
last with you

[Chorus]

Ooh baby baby

Ooh baby baby
Ooh baby baby
Ooh baby baby

What must I do to be alone with youuuuu,
ohhhhh babyyyy, tell em' rob

[Verse 3]

What you think I just need the opportunity girl you don't
know what you
Do to me if I was yours I would be yours exclusively to
enjoy any way you
Want to I don't only want you but I need you and I'll do
anything to please
You you can teach me things and there's somethings I
could teach you I don't
Mean to jump the gun I'm just happy I got to meet you
just one touch from
Your fingertips just one kiss from your sweet sweet lips
would make me flip
And be like

[Chorus]

Ooh baby baby
Ooh baby baby
Ooh baby baby
Ooh baby baby
