[Lil' Rob]

Time for the payback ese

And I don't give a fuck about your fuckin ass

Chrome to the dome and this crazy vato's not afraid to
blast

You wanted pedo pero there was something

Homey that you just didn't realize

That you're fuckin with the vato that will go insane

And buck you right between the eyes

You wanted to start some pedo

But you didn't know that the shit will never end

You fucked with the wrong vato

Now it's time for your leva's end

The payback

{Chorus 2x}

Everyone knows I've been trying

To get you back and I'm not lying

So you vatos thought I was gone right?

But I ain't one to go out like no punk ass little bitch leva

And since I'm back on the fuckin block

You best believe I'm hardcore

Much harder than before leva

So keep trucha for that payback

{repeat chorus till fades out}
