PLAYGROUND

16 second instrumental to open]

[Lil Rob - almost whispering]

Girl I just wanna conversate  
You're leavin wit'cha friends, yeah well they can wait  
They look cool but I'm into you  
You look like you're into me too  
You can do what you do  
Leave with them or stay with me and break some rules  
(Let's break some rules)  
C'mon girl, you're old enough to choose  
What's it gonna be, your friends or me?  
(Is it gonna be your friends or me?)  
See we can have a lot of fun  
With them the night's over with me the night's just  
begun  
Finish up that Coke and rum  
I wanna lick you up with my magic tongue  
I saw you, I said she's the one  
Hopin you saw me and said he's the one  
Fuck it, let's get the fuck on  
Back to the pad and get our fuck on

[Chorus One: Lil Rob]

We can have a lot of fun, between the sheets  
Let me get naughty wit'cha body come lay next, to me  
And we can share a night of ecstasy, oh how the sex  
would be  
Now lay back and leave the rest, to me

[Chorus Two: Lil Rob]

We can head back to the pad if you want to  
If you want me just as bad as I want you  
I just wanna show you how it goes down in my  
playground (playground)  
You can act as bad as you want to (as bad as you want  
to)

Go ahead and scream, I won't stop you

I just wanna show you how it goes down in my  
playground

[Lil Rob - almost whispering]

I lay you down on the cama  
When I hit it, I hit it con ganas  
Your eyes look like you're in a tranca  
I make your body twitch when I lick your pansa  
Make your body shake when I go down lower  
How much can you take girl before it's over  
Sexy how you scream and giggle  
Have you back that ass up with a little wiggle  
Ooh girl, you turn me on  
Kick your panties off but keep your heels on (keep your  
heels on)  
Foreplay will keep you smilin  
Keep you wet so I can slide right in  
You're better than I imagined  
Now turn around and arch your back end  
No more than physical attraction  
Satisfaction guaranteed with no attachments

[Chorus One] + [Chorus Two]

[Lil Rob - almost whispering]

We met deep in the ci-ty, now we're deep in the sheets  
There's no bet-ter feelin than when our bo-dies meet  
P'arriba y p'abajo, we rocked and we rolled  
Como, dos animales fuckin out of control

[18 seconds of instrumental]

[Chorus One] + [Chorus Two]
