[Lil Rob:]

Yeah

[Verse 1:]

Whether it's Cinco De Mayo or any old day  
Pop open a beer, when the mariachi's play  
Twist a cap off that tequila  
Huggin' with ya Visa  
Put some mantequilla on the homemade tortilla  
Make yourself a taco, before you get boraccho  
And  
Start actin' macho  
With the wrong vato  
Fight with your ruka, ay, that's what we do, hun  
Do a single dedo there before the night is through, hun  
You'll call her bruja  
She'll call you asshole  
You'll take a puff on the funny tobacco  
So that you'll calm down  
Everything's calm now  
Take another shot  
Ay, homie, it's on, now  
You're feeling really good  
You're in your neighborhood  
Hey homie, what you think, get homie another drink  
Let's see, Pepsi and Presidente  
Someone requested "Volver, Volver" by Vicente

[Chorus: Lil Rob]

You take your bottle and you twist the cap  
Put it to ya lips, mija, just like that  
I wanna  
Leave it alone, but I can't  
I tried to run from the bottle, but it just comes back  
You take your bottle and you twist the cap  
Put it to ya lips, mija, just like that  
I wanna  
Leave it alone, but I can't  
Cause it just comes back  
It just comes back

[Verse 2:]

Gente yell and gritos, havin' lots of liquor  
You been drinkin' so much that your panza's getting  
bigger  
You wanna quit drinkin', but  
You're not a quitter, cause  
You're the big dog, ese  
The heavy hitter  
Mr. Tequila  
Mr. Cerverza  
Mr. Crystal  
And Mr. Yeska  
Life of the party til the party stops  
Cause you'll be the main reason why they called the  
cops  
Cause you're  
Drunk and stupid  
You bein' foolish  
Wake up in the mornin', ask yourself why you do this  
It doesn't matter cause you'll do it again  
Brand new day, time to get drunk and stupid again  
I can't  
Talk shit because I been there, too  
So I talk a lot of shit because I been that fool  
I am that fool  
Everytime the weekend comes  
They play some Vicente, that's when we get dumb

[Chorus]

[Verse 3:]

I think I sit back and I think too much  
But they say, that I kick back, and I drink too much  
But what the fuck  
You know that I'm havin' fun  
The party's over, but I'm actin' like it just begun  
Hit the neighbors up  
They should've never moved in  
That's what they get, when they move next to Mexicans  
We  
Party all night long, til the manana  
Tomando lots of liquors, fumando marijuana

[Chorus]
