Love has truly been good to me, not even one second a  
memory I had

Since you came my way, I hope you know I'll gladly go  
Anywhere you take me ain't no limit to this love  
I'll follow you to the moon and the sky above

The first time I met you, I didn't sweat you  
My Juliet I knew that I catch you  
Gave you the key to my heart you unlocked it  
A perfect match you the plug in the socket

As time moved on we became friends  
I knew was love at first sight and it wasn't 'bout to get  
wit this  
You was there when I needed you  
I remember writing letters on the road I wanna be wit  
you

I know we young and we got time  
Little soldiers need love so girl I want to make you mine  
We could row together, go to shows together  
My best friend girl lets grow together

Love has truly been good to me, not even one second a  
memory I had  
Since you came my way, I hope you know I'll gladly go  
Anywhere you take me ain't no limit to this love  
I'll follow you to the moon and the sky above

We could walk together rode buses together  
Ya moms call us telling things we stuck together  
We at parks play hide-go-seek, I find you, or you find  
me  
This was meant to be they call us little one

And shorty find us hugged up at every school party  
We study together, ball together, somebody said  
Cupid must've brought us together  
I love your cute eyes and you love my tight braids

Play video games almost everyday  
And when we not together, we on the phone talkin'

'bout our  
First kiss and we don't wanna be alone  
Love has truly been good to me

Not even one second a memory I had  
Since you came my way, I hope you know I'll gladly go  
Anywhere you take me ain't no limit to this love  
I'll follow you to the moon and the sky above

And I remember so while how your smile  
Made me feel bright like the sun shine I'm so glad that  
You mine, you my Juliet I never let the jealous ones  
In between and that's a safe bed and we could get

The study in after school is over homework  
Is a must so we can come over and have the words we  
could  
Hit the mall zip ices and cotton candy  
And after that come chill wit the family

Got to tell you how you have me  
I'm so happy that you came in here and changed my  
world  
Bye, bye sadness hello Romey your the only boy  
That found someone that's so in love  
I'll follow you to the moon and the sky above
