They say what's real don't need to be said
But I'mma say it anyway
Since you all talking, talking, talking

Chorus:

They're talking like a nigga is supposed to hell race
They're talking like a nigga is supposed to throw stakes
They're talking like a... that I go away strong
They're talking like a nigga ain't never been on
They're talking about your body
They're talking about
They're tell 'em about your body
They're talking about
They're tell 'em about your body
They're talking about

Look, when they're telling about me nigga
USP, don't forget to G, nigga
Have them juggle, have them hustle, got a friend with
muscle
Black... white teeth, brothers of a struggle
I'm up here leaning with some bitches on another
round
And when I finish I might buy another house
Or another car, bitch, I'm a star!
Niggas talking... but they ain't talking...
I'm so photogenic, take a picture, see me winning
When I'm so... got me grinning
I'm so blessed, I'm counting money to the ceiling
I'm thinking about a million while they're talking about
their feeling

Chorus:

They're talking like a nigga is supposed to hell race
They're talking like a nigga is supposed to throw stakes
They're talking like a... that I go away strong
They're talking like a nigga ain't never been on
They're talking about your body
They're talking about
They're tell 'em about your body
They're talking about

They're tell 'em about your body
They're talking about

They're talking pros and cons
I'm talking throwing ones
They say he stabbed me with my knife,
Bitch, I had a gun!
Zone three, rock boy, I'm on that avenue
I bought a whole bar out, girl, I thought you knew
I'm on my... drake shit, she loving the crew
And next they're talking about my past, I'm on a new...
I hear you talking, they say I'm jealous
But I ain't tripping on no bitch, I'm chasing the ladies
Ain't never had shit, so I want it all
See me flexing in a... bitch I straight ball.
They say I'm in trouble, he made it this
Everything go... he must have missed

Chorus:

They're talking like a nigga is supposed to hell race
They're talking like a nigga is supposed to throw stakes
They're talking like a... that I go away strong
They're talking like a nigga ain't never been on
They're talking about your body
They're talking about
They're tell 'em about your body
They're talking about
They're tell 'em about your body
They're talking about

... hating on me
I'm loving you, what your lady told me?
I'm making moves, still making money
I ain't.. you, keep on talking about me!
... supposed to throw stacks
