[VERSE 1:]

I'm what the people wanna hear ya'll otha folks is
artificial

So spreezy back I'm takin ova neva left with no
dismissal

Gotta let the public know I'm on top and I kno it
Excuse my cockiness I'm confident and yes I really
show it

Hoes gon always speak yo name positive or negative
I'm optimistic so I smile cause I know that I'm addicted
To the minds and thoughts of hataz love to spend dey
time on me

Wonderin why I'm shinin hard because dey wanna be
like spree

But as you see none of'em can't so I gotta hold it down
For my city and yo city from yo country to yo town
Go ahead and boost my name up cause by now I don't
mind

I'm gon make sure ya'll know my name before and
after I'm signed

I keep my head up always because this year I'm makin
moves
Leave dem poppin to ya'll hataz while lil spreezy keep it
smooth
It's big faces on my mind so time and money I got both
Representin for my girls we laugh at artificial folks

[CHORUS]

[VERSE 2:]

Ya'll otha folks is flaky shawty think like all bread cereal
Think you got stuff on me man come up with new
material
Cause I do this for my passion and the love of the
music
Got youngies lookin up to me so get out the abusin

Ain't neva had no problem tellin ya'll exactly how I feel
From day 1 I know you saw that cause I always kept it
real
I'm gettin really disturbed because dey people be
placin
But I be laughin at'em to show dem just who dey testin

Gotta record for my ladies who ain't gotta mic to spit it
Spreezy holdin it down for you speak real ish and I ain't
kidding
You won't ever catch me slippin' cause I'm on another
misson
Gettin all my goals achieved and on this mic I'm steady
rippin

Butchu already know spreezy pop with da music
And I be shinin on da daily and dey didn't know I could
do it
I'm what the people wanna hear these other rappers
artificial
Turn my music up lil shawty cause lil spreezy I'm
