translation:

What noise on earth?
who is singing for me and who I am hearing
how much I like these voices who sing in the skies
and what do they say in their song?
what is new that happened on earth?

we hear the people sing on earth
I come to tell you that in the sky there is something
beyond compare
a small child blessed, king of Jerusalem
and who was born for them (the people) in the town of
Bethlehem
