I . . through the door and the . . . record me and
its just like a whole 'nother story and I gotta new thing
big bro ima get another whip everytime they bore me.
Let me switch it up I swear these niggas cant get
enough.
I was born a diamond in the rough that's why I put my
mind on the flashy stuff it keep adding up christian
louboutin, red bottoms walk in the club like a young

bring 8 bottles tell 'em pick 1 middle finger to them
haters tell 'em get some. uhh

Big money talk all my niggas on it
put ya wallets up, youngin' yall don't really want it
step up in the, step up in the building lik i own it
and if i aint the shh that's how im feeling At The
Moment (2X)

Ugh let me take a break, Twizzy yup yup so ahead of
the race
that why them people really don't see my face all they
see is my tats and my texas plates
I'm ballin out like 2k, dunkin on the game like lil Nate
why I stunt so hard cuz my paper straight, and I'm able
to move like state to state I got a condo in Miami and
another in Atlanta and I'm stickin' to the bread I'm all
about the mozzarella swear this life can't get no better
when young money is my team I'm 'bout to drive these
haters crazy call 'em Charlie Sheen, I tell 'em . . . my
swagg so mean ima rockstar. . . and everythin I say I
swear to God I mean I put it on my money Lord know i
love green, I put it on the shoes that have never been
seen, to this game I'm 'bout to bring pain, makin' it rain
and flood in the club with my brother Mack Maine and
my brother Lil Wayne cuz uh

Big money talk all my niggas on it
put ya wallets up, youngin' yall don't really want it
step up in the, step up in the building lik i own it
and if i aint the shh that's how im feeling At The
Moment (2X)
