You gotta understand something about my squad,
yeah
We got a lot of people that make hits
We got a lot of people that getâ€¦!
We got a lot of people that make money
So at the end of the day you can say what you want to
about us
But at the top is just us!

Time and time again I gotta turn back round and living
the life
Iâ€™m living the life on a high note
Miss Merry Jane, Miss Keishaâ€¦!
Rotting round the city, windows rolling, thatâ€™s the
way it goes
Pop boxing, youâ€™re inhaling, youâ€™re getting
high, you ainâ€™t gotta smoke
I call it weed, you call it dope, youâ€™re laughing loud,
I call it joke
Itâ€™s OG likeâ€¦ and they legalize it, I had to grow
Iâ€™m preaching that like selling hoes
Get Kush on like kinda low, Iâ€™m have to moveâ€¦!
But the white folks donâ€™t call itâ€¦!

Hook:

Talking that shit, like you donâ€™t smoke shit
But your eyes really shit
Then fuck around and get a contact!
Dancing on me like you wanna fuck me
Take your phone and call me
Then fuck around and get a contact!
Then fuck around and get a contact!
Then fuck around and get a contact!

Rocking around the party, booty talking, yeah Iâ€™m
talking back
Body language Iâ€™m reading that, Iâ€™m a bad
influence, misleading that
Platinum in my pocket, pulling it out like yeah, Iâ€™m
hitting that
Hood, hood like one two, Iâ€™m noseâ€¦!
I give it to it, sheâ€™s tossing back

I'm checking off my arm and neck
She bad boy like Pop B, I need that, she's such a
brat
Young girl who know how to act, just a hood rap like
She will fuck anywhere in the back of the
All I hear is, Twist, roger that!
OPP she loving that, not.. that ass fat
ADD can't stand still, girls going wild, no turning
back
Olympian she run track, that's no lie, straight fact
She like a porn star
TMZ, come picture that!

Hook:

Talking that shit, like you don't smoke shit
But your eyes really shit
Then fuck around and get a contact!
Dancing on me like you wanna fuck me
Take your phone and call me
Then fuck around and get a contact!
Then fuck around and get a contact!
Then fuck around and get a contact!

OG, only thing I'm keeping
You can fuck what you're believing
You ain't hide and you ain't breathing, huh!
OG, only thing I'm keeping
You can fuck what you're believing
You ain't hide and you ain't breathing, huh!

Huh, I'm back to burn half a pound, huh
It's four swishes going around now, huh
Your wife ain't worried, give me crown, huh
She let her way, I put it down, huh!

Hook:

Talking that shit, like you don't smoke shit
But your eyes really shit
Then fuck around and get a contact!
Dancing on me like you wanna fuck me
Take your phone and call me
Then fuck around and get a contact!
Then fuck around and get a contact!
Then fuck around and get a contact!
ut my squad
