and I go down under like Australia

Lil Wayne - Hook:

We got flowerz but the ladies and dick for them hoes
some say that ex fake the sex so I roll up my sleeve
and roll up my weed, I'm getting money fast
and now my hoes up this feed
and I'm like shawty what your name is
and who you came with,
you got that fire I'm just trying to keep your flame lean
she say she on 1, I'm on the same shit,
let's take our clothes off and do whatever makes
sense.

[Lil Twist:]

[Chris Brown:]

Do all think all these girls in the club look sexy
black girls, back ass
hopefully I take em all back to the crib
and have a couple of seats and get naked
skin a nigga but I'm flexin
I rock all these rings aggressive
I've been up down go cover around and I break the
springs we sexy
Going down I just want my cuz
girl your booty dunky so I might act to ass
in a party I'm about to hoe bar out
so don't give me no glass,
girl I'ma eat eat your heart out
and I might even lick your **

Twist, what you're doing with that body
