Man, I'm turnt up, super fucked up
Eyes low like a flat tier
I smoke big like a wild fire
Getting giggity gig like Quagmire
We're wild kids, you know it

Yeah, every night be a wild night
From wee drink to Percocets
I'm getting high as hell, reaching new heights
I'm getting

Wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going

Look, it's the weekend and I'm dreaming with the wild
kids
Geeber, she stayed down in Paris, fucking stylish
I don't mean no hoe but this pussy's too big
Yeah, wondering why I'm smoking and where the fuck
I'm living
They on my dick and they think I'm tripping
Watch my grind and they all start kicking
But when they get up then they all start running with
someone that's creeping
Won't your man look up? Quit acting like a bitch, dog
I smoke weed, I guess that's why they know my beat's
up

Turn up
Back to the lac and back to the trap
Give me two cups, I'm back to the act
Y'all sip slow, drink this shit like yak
With Gucci all on my hot iss
Twizzy fly, no wings bitch
This shit easy, no practice

I'm rolling up that good kush
That blush green, God, that's my bitch
My whole clique eating like fat kids
You try to fuck us over, that's bad bitch
You went up to your doorstep with hand grenades
And them Mac 10s like come again
Got 'em reppin' bitch, scream wild kids
If you reppin' bitch, scream wild kids
Me and Mazzy in the back of the back
With your chick, smoking loud bitch
We getting

Wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going
I'm going wild for the night, fuck being polite
I'm going
