1991 Grilled Cgeese goes on it's way to different cities  
Rocking for the kiddies  
To do shows for rows, no foes, dough in escrow  
All the money went to goddamned Joe  
For cleaning the bus, we cussed, caps were bust  
On us, Joe should have adjust to the goddamn musk  
We were the Christmas and Joe Damn was merry  
And kids had nothing but jokes just like Perry  
Every night at the show was a good night  
Hot Dog and Ev in the morning had a food fight  
Chicken all over, rice, ham, beverage, pastrami  
Yo it was comedy -- The B.A.N.

Back on the bust take the musk to the next city  
And snoring by Frank Nitty  
I'ma tell you I was about to be outtie  
Lucky for me that homeboy Kirk Gowdy  
Brought his tapes so flexed cause we were vexed  
And seeked salvation in Derek X  
So thank you thank you and alladat  
Played the hell out of the Nubians -- the shit was fat  
So now we're in Lafayette, Louisiana  
Bought a three eighty from some little Dan Tana  
Ripped the show got the dough and gained some fans  
The grill dusty message to the B.A.N.

On the whole tour Rob was a fiend  
He had the ugliest girl I've ever seen  
He was with her the whole time after the show  
He turned the light on -- me and Jojo said YOOOOOO!  
What is that?  
Rob you're bugging G damn her grill is wack  
Your grill ain't alladat but you can do better  
My man even had phone calls and sent her letters  
In at the Denny's on the corner no one seen us  
On Pokey's burger -- everything on it -- even penis  
But Kirk Pone went and told the man  
1991 Grilled Cheese Tour -- a message to the B.A.N.
