See she all on my dick
cause i make alot of money,
but i unno why
cause gets nothing,
bring it back...
all on my dick
cause i make alot of money,
but i unno why
cause she gets nothing from me
she only get dick
way down in her tummy,
n she tell all of her friends
now her friends wanna,
bring it back...
only get dick
way down in her tummy,
and she tell all of her friends
now her friends wanna fuck me
im lookin in the mirror
and i see a dollar sign
i had a cat scan
and i had money on my mind
i tell a bitch
go and get my name on ya spin
so i can fell good
when im hitting it from behind
im crack rock fresh
baby im that boss
yea put me in a pot
and watch i come back hard
yea put me on that block
and watch i come back rich
now she done put me in that pussy
she aint come back since

hat to the side
rims on the ride
it cant fit in my pocket
and i dont have to,
hold up...
hat to the side
rims on the ride
it cant fit in my pocket
and i dont have to cock it
scarface bitch
cocaine by the pie
got them hoes snifin like dem hoes about to,
hold up...
scarface bitch
cocaine by the pie
got them hoes snifin like dem hoes about to cry
ms myspace
dont blow my high
i download hard dick
to your hard drive
den she got on her knees

and soon we locked eyes
she caught it like it was a routine pop fly
im dope boy fresh
new jeans
new everything
dem bitches want me like a wedding ring
i told her dat im married to the money
committed to the cash
all i see is pussy, titties, and the ass

ask dem hoes, yea ask dem, what
to do ask dem hoes about me, ask
dem hoes, uh huh yea ask dem
hoes, what they do ask dem hoes
about me

ima beast, ask dem hoes
ima dog, ask dem hoes
ima beast, ask dem hoes
ima dog, ask dem hoes
bitch ima beast, ask dem hoes
hoe ima dog, ask dem hoes

bitch ima beast, ask dem hoes
hoe ima dog, ask dem hoes

call me Wezzy F. bitch
im straight from the street
dope game is sour
and the dope is sweet
i live in the tower
got a scope on the heat
hit you from 100 feet
we dont even have to meet
ya bitch love me
we dont even have to meet
but if i run into her
believe me i will, hold up...
ya bitch love me
we dont even have to meet
but if i run into her
believe me i will do her
and if that bitch is crazy
believe i will sue her
got some hungry ass lawyers
that would eat her up and chew her
i dont know why you love her
i wish i never knew her
she only give me brain
she was just another tutor
she blew my whole band
i was just another tuba
now get off my dick and get lost in aruba
its money over bitches
cash money over bitches
young money over bitches
get money from them bitches
I Do!

ask dem hoes, yea ask dem, ask
dem hoes about me, ask dem hoes,
uh huh yea ask dem hoes, ask dem
hoes about me

ima beast, ask dem hoes
ima dog, ask dem hoes....
