Hey, why you worry about the other hoe  
Cause the other hoe ain't worried about another hoe  
Hey, you say it's over but you're still fussing  
You're just clumsy, always tripping over nothing!  
That other bitch is that other bitch  
I give her space and give you the mother shit  
You can't let her...  
I told you that if you... I'll be your seat belt  
In sickness and in hell  
For rich poor I'll stay rich  
But love is a bitches ain't shit!  
And I'm riding with a girl named Keisha  
I'm smoking on Cush!

Cause I'll stay here  
Cause there is no love  
I can't lie, please stay here!
