Microphone check 12 or just 1-2
I am me who are f*** you
And i'm 1-2 high you should look up to me
My french girls love it when we smoke the ooey
On bellow fronts i do and we smoke the ooey
I do me she feels me cummin like new teeth
I got paper like loose leaf
Come over here and maybe you can get a few sheets
My bodies unique like the sisteen chapple

Fresh (fresh) 6 pineapples
I should cut myself to see if my bloods red
Baby i brainstorm call me flood head
Married to the money
And if she leaves me bury me money
And when your not good then your arrogance is funny
And when your really rich then asparagus is yummy
