Weezy wee off in this hoe
Watch me give your hoe some blow
Watch her put her nose in my shit then she blow
Now watch her crank that weezy wee
Crank that weezy wee
Crank that weezy wee
Crank that weezy wee

Weezy wee off in this hoe
Watch me give your hoe some blow
Watch her put her nose in my shit then she blow
Now watch her crank that weezy wee
Crank that weezy wee
Crank that weezy wee
Crank that weezy wee

I get nasty with them hoes but I don't piss on them
That's r kelly but weezy he take a shit on them
Watch me throw a mothafuckin brick on em
I'm in the club two steppin with my dick on em
I don't snaort dope
I aint a dopehead
I get this mothafucka runnin with both legs
I go sleep I got a bed
And I make no sense I got a head
I'm still on cash money not them other bitches
I like to eat chicken like them other niggas
And I like watermellon
Grape koolaid I be yellin
Weezys a mess and weezys the F
And I got stupid bitches sayin weezys the best
What's wrong with you? I wouldn't even saying that
Weezy got a clean dick and I don't need ajax
Yeah I don't need to clean my pipes
Like bitch what the fuck you lookin at? I don't like that
shit
I only love birdman
Talkin that shit like a turd man
And this is the worst I will ever rap
Cause I always sleep I never take a nap
What? why did the fuck I say that
I dunno but it's weezy and you listening to me speakin

And um, while you're listening to me speakin
Imma say whatever comes to my head
I like chicken, chicken, chicken, chicken, macoroni,
potato salad, chicken
I am out bitches

Weezy wee off in this hoe
Watch me give your hoe some blow
Watch her put her nose in my shit then she blow
Now watch her crank that weezy wee
Crank that weezy wee
Crank that weezy wee
Crank that weezy wee

Weezy wee off in this hoe
Watch me give your hoe some blow
Watch her put her nose in my shit then she blow
Now watch her crank that weezy wee
Crank that weezy wee
Crank that weezy wee
Crank that weezy wee

Bitch
Yeah that shit's what I'm talkin bout
I don't give a damn what ya'll talkin bout but
If yo ho come to me imma pull her to the side and give
her some of this blow
Imma put it in her nose and imma be like
Youuu
