[Chorus:]

If I could'ntgive you the finer thangs, the money and
the whips and the diamond rings
Would you do it again
I wanna know, I wanna know
Would you do it again
I wanna know I wanna know
And if I didn't have my baller status
And if you didn't have the 7 [?]
Would you do it again
I wanna know I wanna know

Would you do it again

[Verse 2:]

If she brought me home to her mama, she disagree
with her decision, would you wild out if she threatened

to put her child out, would she still go get them birds

plane, told her do her thang took her to emmitt 5 g's on
a pinky ring, if I wasn't boosie boo would she ride for
me, would she had layed down took that pain and have
that child for me, she kept it real from the start she
ease my brain, was it the chain, was it the game, was it
the name, she stayed faithful that's why I love her
through thick n thin, made visits n commisary when I hit
that pin, I had my homework she had her homework,
she went from drawers to thong work I'm a fool with it,
if I worked at mickey d's and hooked you up with a #3
would you be nice and give your number to me

[Chorus]

[Verse 3:]

With all the money I got and all the whips that I buy if I
