Ahem

Young Money in charge

Yes its lil wayne but da moneys enlarged

Priorities young money && god

Now dey wanna know how i be gettin money on mars

Cuz i be gettin paid like outta dis world

hip hop is a bitch && im proud of this girl

But wen the sharks cum see da fish curl

Dis is my game yu gon need a referral

I know more bout tree den squirrel

We dont talk much but teh heat so verbal

Brand new marc jacob peak color thermal

gun outside of da gear, external

im so fly, yall still at the terminal

I put you in da dirt, just because i see the worm in ya

Dirty South bitch, admire and acknowledge it

&& respect my conglomerate!
