Ya feel me. Hey nigga we done built this.

Shit from the ground up now homie

Believe that daddy. It ain't no looking back from here.

We too strong

[chorus:]

And that's the only way we get down (We get down)

'Cause that's the only way we was taught (We was taught)

And everything we got we bought (We bought)

And real niggaz still shine in the dark (Still shine in the dark, yeah)

And that's the only way we get down (We get down)

And that's the only way we was taught (We was taught)

And everything we got we bought (We bought)

And real niggaz still shine in the dark (Still shine in the dark, fuck a law, oh!)

'Cause that's the only way we get down

[verse]

I down down a brother we ain't cut from the same cloth
you Downy soft

Bullets separate ya body compound a busta

I'ma find ya if ya hiding I'm a bounty hunter

In ya home putting dick all down ya woman

You come home we in the bedroom counting money

I bring her home and I fuck her on a thousand
hundreds

Then I shoot the nasty bitch in the mouth for nothing

I say Birdman Birdman what's good today

We ain't never let them niggaz take our food away

And we recognize real and got a rude awakening

And woke up together and our life was better

I'm the Cash Money son I live a life of cheddar

Not a rat though hat low Nike is leather

Lil' maw twist to get my life together
Ya bitch meet me at the bar and we night together Cut!

[chorus]

[verse]

Throw my weight like Sherman Klump
I gotta hold up my estate like Donald Trump

And I aim kinda straight when it's time to pump
I bring the pump when it's time to pump
Wrapped around my waist like a cumber bun
Don't make a nigga pump (clap clap) you up!
I come in that new thing she threw up
Now yo' bitch ass gotta clean yo' shoe up
I'm rich as fuck and I never blew up
Business mug gotta get my loot up
Bet ya bitch get fucked if I ever met her
Bet ya ditch get dug you ever step up
One by one I push 'em down fat bullet fat head make a
pussy sound
Hard head soft ass make a gushy ground I'm straight
from a crooked town
Like that bitch!

[chorus]

[verse]

I give my arms and my legs to the game I'm ahead of
the game
I dead any mane if he said any thing but it's cool as
long as nigga paid when he came
And I'm a fool wit the flame and the caine
Cut it just a little bit but the drain stay the same yeah
Young Wayne and the pain and the stain still remain
On the chest where the four made a mess yes
I'm still here in the flesh 21 year old legend I'ma live
way after my death
I sacrifice whatever that's left
I give ya'll the last of my breath like... *[exhales]*
Write it down take a picture record a copy
Press pause only way you stop me fucker
I'ma get mine and make you not me
Spit wine at ya face if you watch me Bitch!

[chorus]

And that's the only way we getting down nigga Cash
Money CMB man
You already know we here never left fuck 'em
See me if you got a problem boy

I'm at home all day man. It's not a game
Stunna, what's really good with 'em we ain't never let
'em take our food away
Fresh you nasty on this on dawg. Ugh
