[Lil Wayne Talking]

Yeah, please Don't Be Alarmed
By The Far Footsteps You Hear
Coming Up From The Rear
It's Only A One Man Army
Carter, Me, That's Who
Eh, John Just Let Me Rock Man
Let's Go

[Lil Wayne]

Hot damn ya'll snakes left me in the desert to swell
Don't forget you niggas met me in the desert I yell
No one can hear me so come get me out the desert, so
I just stay hot, and blaze what I got
Turn up the temperture burn up the tension
These wheels is perpendicular 24 inches
got dammit man when my rubberband tires stop
I bounce back like rubberband and slingshot to the top,
Fucker
You might see me in a tire shop
I am letting ya'll know that I'ma ride it out
I'm living in cash money never Dying out
You can't pull me to the side you can't buy me out
So make good with the mobb niggas sqaud it out
I'ma G I'ma die with the llama out
So make good with the quap niggas sqaud it out

And I pop at you to confirm my criminal
One chief tribe I'm head seminal

I then ran through the floor of the states
I got money, drugs, hoes in every part of the state
Miami hotter way ocean view will catch you
I bring sand to the beach and still build a castle, nigga
You turn hoes off I take those on
A magnum latex goes on the pace goes on
I take a bitch to a island you take a hoe to the mall
I holler once and shake a hoe to the alphasician
I gotta gun I keep with me under all conditions
Cause I'ma entertainer slash mallphasician
Kordell Stewart in ball conditions
I come to ya'll town and brawl under ya'll conditions
I get out

icey white sneaks ice is bright over the same black tee
I sit down at night over cheese cake and black tee
and don't think I just think it
hit a track and I stink it
you aint met a nigga like me in while my type extinct,
bitch
That's like Noah with no arc
They calling my thoughts the Maxwell house so dark
step up on the mound with no bark
Pedro Martinez with my mean ass
No matter how old a nigga
I Peter Rolle a nigga
I Fish Pole a nigga
I beat a hole in a nigga
Either holding a pistol or I'm holding a gun
You rolling with me?

Yeah niggas is broads hoe in they features
And a wall pain script in my face to let em' know I'ma
