Back the hell off
Rock n roll Jesus with all my nails on
All I need is a bl**t and a bail bond
And give these blind mothaf*****s something to feel on
Rollin like a mothaf*****s put your wheels on
And let's roll down and heal till the heal gone
I started on the block but that something to build on
And how can I pray when I got nothing to kneel on

Hey
The ground is gone
Don't look now but the ground is gone
I'm so high that the ground is gone
And I don't even know which crowd I'm on
Don't look down but the ground is gone
Don't look down cause the ground is gone
Right now I'm a million miles from home
And I'm so high that the ground is gone

Son look up
Father just shook us
Never was around like bush is
War just came like Kane with bishop
Movies too different to act not used ta
Boys in the hood messed up
No blueprints they just do it,
Then they get commercial shootin
Ruthless, live your T.I. or lose it
Stupid people like ya'll once knew 'em
Who da, new nigga is show and prove it,
Never skateboard but I grinds in these Supras,
Ya'll n*****s foolin, for fame and the fortune,
Super human, 430 flame horses
Ready to use it, L.A. to Jerusalem
Betty Bootin, my girls fake Hollywood tits
Couldn't fool 'em, I just pull up
And I hold her, yeah, and adjust, to the mood

Jump-Jump out a window
Let's-Let's-Let's jump off a building baby
Let's Jump-Jump out a window
Let's jump off a building baby

Jump-Jump out a window
Let's-Let's-Let's jump off a building baby
Let's Jump-Jump out a window
Let's jump off a building baby

Hey
The ground is gone
Don't look now but the ground is gone
I'm so high that the ground is gone
And I don't even know which crowd I'm on
Don't look down but the ground is gone
Don't look down cause the ground is gone
Right now I'm a million miles from home
And I'm so high that the ground is gone

I know a girl named Crystal her last name Paul
I look into her eyes and I can see it all
I see it when she cry, I'm there when she call
Cause I live inside of the mirror on the wall
Kill 'em all, die in the spirit of the war
Thinkin would a mind be in spiritual fall
My lyric will leave you in physical awe,
Miserable, pitiful, ridicule, typical
Chemicals swimming through the inner tube
Get in you, that be the end of you
Times are beginnin new
Fuck what you done this about what I'm finna do
Motherfuck a 9 to 5
I rather do 10 to 2
Motha fucker pin a guy now I write a pinnacle
The government is saints and it's fuckin identical
Kiss my ass, and suck my genitals, tabernacle, biatch!

Jump-Jump-Jump out a window
Let's-Let's-Let's jump off a building baby
Let's Jump-Jump out a window
Let's jump off a building baby

Hey
The ground is gone
Don't look now but the ground is gone
I'm so high that the ground is gone
And I don't even know which crowd I'm on
Don't look down but the ground is gone
Don't look down cause the ground is gone
Right now I'm a million miles from home
And I'm so high that the ground is gone

Let's-Let's-Let's jump off a building baby
Let's Jump-Jump out a window-window
Let's jump off a building babyyy
