pullin up to they own shit
all they need is long dick
I'ma show why they call me here for real
cause I hit it out the park
like a little league field
its easy believe me
and I ain't even talking greazy
I back it up
so all you got to do is back it up
and you will love it
cause you fuckin with the surf
let me show you what them other niggas worth
thats nothing

you know they gon fall
ain't no compe-
tition ain't no composition
tell me your position
which one do you enter?
enter
then I send you home to your nigger
girl I know you wanna see the mansion
so don't act like you don't
and you know you goin down for sure
so don't act like you won't

and I dont need no hook for this shit
im just tryna hit it hit it like I can't miss
shawty I dont need no hook for this shit
im just tryna hit it hit it like I can't miss

and I dont need no hook for this shit
im just tryna hit it hit it like I can't miss
shawty I dont need no hook for this shit

im just tryna hit it hit it like I can't

think about it daily
your pussy nice and wet
me hittin you
you bent over your legs up in my chest
you say you got that best
well let me find out
lemme lay on my back
you get on top and just grind out
then me and you grind
out
close the blinds
down
oh so you like em open
I see you clear in focus
now watch me bust it open
i'm all up in your ocean
your pussy glistenin' like you got on some dolphin
lotion

now I know this for a fact
you want me up in that
beat it up
treat that pussy cat just like a punchin bag
eat it up
treat that pussy cat just like my favorite snack
i want it all
just like im at the mall
and im about to ball witchu
so girl let me get you to the surf club
and we can do all of the things you never heard of
so keep your lips sealed and thighs open
ill fill your ocean up with my motion

and I dont need no hook for this shit
im just tryna hit it hit it like I can't miss
shawty I dont need no hook for this shit
im just tryna hit it hit it like I can't miss
and I dont need no hook for this shit
im just tryna hit it hit it like I can't miss
shawty I dont need no hook for this shit
im just tryna hit it hit it like I can't

uh uh uh uh uhhhhhhh

and I swear ima make her cheer like victory
shawty shawty you can be a spear like britt-an-y
