okay im on my way speeding windows up
so have my food warmed and have my pillows fluffed
she been through the water shawty thriller tough
shawty took all the shots like a lil cuff
i wanna give her all, and never give her up
i told her when it die down we can live it up
where would you be, be without me
dont doubt me be about me baby

she wanna know what i was working on
so i play her this song and i make her feel wrong
but still all in my eye sight she pass right

[I Love Her Lyrics On]

when she get a whole platter to me a whole life
but to me thats too much to eat in one bite

i wish i never injured hurt or scared you
baby when i think of my future baby that are you
i mean that is you part of my vis part of my mental
