[Kobe talking]

I want to be the best  
I want to be the best that ever played  
That's why I play the game  
And to be the best you have to win  
That's what drives me

[NBA analyst talking]

He's the best player in the game  
It's just that simple  
There's nothing that Kobe Bryant can't do  
He will defend your best player  
He will shoot from the perimeter  
He will get all in yo mug  
He will do whatever it takes  
He is the most complete basketball player  
In the game today - bar none  
He has an assassins mentality  
I said this week, I said this when the trade went down  
And I will repeat it again  
Who's starving more for an NBA World Championship  
More than Kobe Bryant? There is no one  
This guy is Hollywood

What separates Kobe from the pack?  
More than Kobe Bryant, there is no one

[Lil' Wayne]

OK  
Kobe doin' work  
Two-four on my shirt  
He the greatest on the court  
And I'm the greatest on the verse  
Going for the 4th ring like it was his first  
Gotta get the bling  
Do it for Kareem!  
Two-four so nice, my flow so mean  
Catch me at the game sitting next to Goldstein  
Kobe Bryant Nikes, purple gold strings,  
Kobe in the game dunking on your team  
Black Mamba, attack conquer  
Basketball beast, rap monster

Crossover good, a turnaround jumper  
Or just drive in the lane and dunk on dunkers  
You know where it's going, it's going down yo  
This is the Lakeshow, but don't drown though  
I call him King Bryant, now let the crown show

[Talking]

I'm definitely, I'm just lost for words  
I mean, he's amazing

[Lil' Wayne]

Pass me the damn ball  
I don't need a pick at all  
And don't worry 'bout my shot  
'Cause I'ma get that off  
Yea, I drops 40 on your double team  
Then I drop 81 on another team  
Yeah, you better guard me with caution  
And watch I work 'em like an auction  
No such thing as exhaustion  
No time for resting  
'Cause I don't take breaks  
I just break records  
And I prefer the ball with 3 seconds  
And I bet we gon' win it all in 3 seconds  
Ya dig? That is a guarantee  
Apparently  
And please tell your defense  
Don't ever man to man with me  
Double team, triple team  
Your defenders sick of me  
But, I never let 'em get to me  
Literally  
Step back and give 'em a three  
Ain't no defending me

[Reporter talking]

One guy certainly envious of the way Bryant's playing  
lately

LeBron James

[LeBron James talking]

I've been recorded saying that  
He's definitely the best player in our league  
Um, to me, in my eyes  
The best scorer in our league  
And there's not another guy in our league  
That can accomplish some of the things  
That he's doing

[Lil' Wayne]

Never take a day off

Catch you at the top of the key  
And get a J off  
Baseline facetime  
Tongue out like two-three  
Even two-three gotta love how I do me  
Practice while you sleep  
Practice in my sleep  
Straight outta high school  
Tha brackets ain't for me  
I will be jumping over you  
Like I got a mattress at my feet  
And all the Phil Jackson teams  
Better be passing it to me  
I put the master in the beast  
Attack you like a beast  
I am starving for victory  
And that means I'ma eat  
And when they ask you who's the best  
Then the answer should be me

[Elie Seckbach talking with Mikael Pietrus]

Reporter: Who's the best player in the NBA?

Mikael: Um, I'll say Kobe Bryant.

Reporter: Really? Why?

Mikael: Because you never know what you're gonna get

[Lil' Wayne]

Call me Mr. Clutch or Mr. Automatic  
I can post 'em up, or Lamar go get the alley  
I'm going for the ring  
I'm going for the ring  
I went to Beijing  
And came back with the bling  
Who they want? They want Kobe  
And what he want? He want the trophy  
The victory  
And the glory  
No Shaq  
No Robert Horry  
Now break 'em off, Kobe break 'em off  
You better be where that Laker don't  
Yea, just give him the ball and he take it off  
Or he properly dishing it to Gasol  
Or give it to D-Fish on the wing, yeah  
Or just let lil' Ariza do his thing, yeah  
'Cause I'm great, and so is my team, yeah

[I thought you want to be the greatest]

Do it for Magic  
It's your time baby

I see nothing wrong with doing it four times baby  
I'm the best yes  
And he the best yeah  
Don't worry LeBron - get 'em next year  
Now what's defense,  
To an assassin?  
Killer instinct  
Murder the basket  
Then steal the ball back  
Hold it for ransom  
It's more than a game  
This is a passion  
Been a all-star, been a champion  
Free throw line, you hear 'em chanting  
MVP, MVP  
Kobe Bryant aka Envy Me  
In knee deep, smash any D  
Whoever he is he can't guard me  
He can't guard me

[Elie Seckbach]

So, there you have it. The overwhelming answer was -  
Kobe Bryant
