I got em, lets go
Like i dropped straight from heaven
five strong words rest in peace lil kevin
and this ain't how I was born, but this is how I live, so
that's how I'll die, and do not close my eyes, so when
you see me in the casket ima look right back at ya, cuz I
don't trust money y'all, and fuck every one of y'all, cuz
which one of y'all wanna brawl? and ova ball ii got that
pistol under every one of my garments, torment,
torture, tragedy, catastrophe, no battery just murder in
the coldest temperature, and I mean third degree,
even if motherfucker never heard of me, I ain't gonna
let you motherfuckers worry me, and tell that beef I'm
burger king, I represent that saint's sign, I'm so high I
can paint signs, and if she ain't fine, she ain't mine,
and thank god that I;m alive and if he end it all today, I
have nothing more that I can say. Amen.

Lets pray, ten fingers, together for forever

Lets pray, together, forever, forever

Uh, ya

The Lord is my shepherd, you haters can't harm me, I
walk with his blessings, the angels be my army, of
course there's a weapon on my waist within arm's
reach, that's my baby keep it strapped in like a car
seat, yes, though i walk through the valley in the
shadows of death, forgive me Lord I had to carry my
check, I touch cash and get cheese, play with that cash
i bust mags and ND, forgive those who trespassed
against me, for they know not what they do until they
history, gone, memories, Lord grant me the serenity to
accept the things I cannot change, like what happens
when I get up with my enemies, paybacks, penalties,
bang back, send em' these, funerals, these people got
to waste more hennesseys, yeah, they got to pour it on
the floor for ya, maybe next time they'll pray a little
more for ya.

Lets pray, ten fingers, together for forever

Lets pray, together, forever, forever

I pray to God not lucifer, never I'm rebuking ya, Lord
have mercy on my soul when I'm suited up, daddy was
a hustla, mommy was a christian, momma said prayers

daddy started cookin chicken, if I'm living life wrong I don't wanna be right, send me blessings to the cloud, hope I make it through the night, yea Lord as you lay me down to sleep, I pray to the Lord my soul to keep, if I shall die before I wake, then I pray to the Lord my soul to take, there shall be no other god before thee, Lord please forgive me of my sins if I owe thee, slowly, I know I should not kill but I will, if someone try to shoot me and lay me still, though I'm so sorry for the wrong thing's that I've done, just the end of my prayer we all say amen.

Lets pray, ten fingers together for forever

Lets pray, together, forever, forever

Dear God, as I begin this day, my thought turn to you, and I ask for your help and guidance in everything I say and do, give me the patience that I need to keep my peace of mind, and with life's cares, I hope dear God, some happiness to find, let me live but for today, not worrying what's ahead, for I have trust that you will see I get my daily bread, give me the courage to face life's trials and not from troubles run, and let me keep this thought in mind "Thy will, not mine, be done." And if some wish I do not get though I have prayed to thee, please help me to believe and understand you know what's best for me. I've failed you many times, I know, but tonight when I rest, I hope that I can say, "Dear God, I've tried my best."
