Let's talk it over now
Let's talk it over now

[Lil' Wayne]

Uh-Hmm
Hey Princess
Yeah You

Knew I would love you like a fat kid love food
Knew I would score like Shaq did in school
Knew I was stupid, knew I'd look like a big fool
I must of had the flu, I thought that she was cool
Knew you would fall in love with me and the shit I do
But never knew that you would murder me what did I
do
Knew you was right for me, knew I was right for you
Knew I would help you sell, knew I would write for you
Knew I would keep you well, knew I would fight for you
Knew I would pull out my heart and bring it right to you
You knew all about me baby but you wasn't about me
baby
Young Wayne prepare for change
Cause it seems like girly don't care the same
You had my chain, you bared my name
Then we had champagne

Let's take a toast
To you and me
Let's drink a toast to our love
And the way it's supposed to be

[Lil' Wayne]

Other people telling me I fell off
Other people telling me I felt y'all
Mama telling me I should at least call
My mind telling me she should at least call
Felt like I was at the bottom of the seesaw
Felt like I was at the bottom of the seashore
But you gotta let her be boy
And when you open up your eyes I hope you see more
And when I see you, I see detour

Don't need to be depressed anymore

Baby girl I need more
Now run your mouth 'til your knees sore

Let's talk it over
Let's talk it over
Let's talk it over now

Let's talk it over
Let's talk it over
Let's talk it over now

Let's talk it over
Let's talk it over
Let's talk it over now

[Lil' Wayne]
Five carrots on her finger got her hands mitted
But everybody get a ring even Scottie Pippen
Everybody got a thing but I guess mine isn't
What my vision
So I just sits in my Lamborghini, let my top vibe wit me
Kick back and get high wit me
And if she still get me
I hope my wife know she got a player for life and that's
no bullshitting
I push love to it's full limits
Do 190 in the lane called memory
And I know you in that lane with me
And when that light change, you didn't change with it
And I'm honkin my horn
Gotta get the dead grass off of my lawn
Yeah as I mows on
The champagne's never froze-on, as it pours on the
floor

Let's take a toast
To you and me
Let's drink a toast to our love
And the way it's supposed to be
