Cut the lights off, nigga
(Cut 'em off)
You know what time it is
(What?)
You know what time it is
(What?)
Strap Up

A lot of niggas better move out
'Cause here I come with my click
With the tools out
All of a sudden all these cowards
Startin' to spook out

It's warfare, a buncha of niggas
'Bout to loose out
It's time to load up them thangs
Hit the spot run in his house
And make 'em show up them thangs

Take 'em in the room go in his pockets
And then blow up his brain
No matter the weather
Rain, snow, sleet, or hail

I'ma slang that metal, so tell 'em niggas in yo' hood
To get it together
'Cause I'm the Tolas Mario
And we down for whatever

Never underestimate or you goin' under
Y'all keep on playin' with Lil Wayne
But that lil' boy trouble and plus dis shorty be full,
wodie
Be scorin' bundles, dem start wildin' and
Hit the block and let his toys rumble and it go ratter
tatter

Ya be surprised how niggaz scatter
When the M-1 shatter
And everybody on they block
They get 'bout ten in they bladder

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

La, when it's time to ride, it ain't no time to play
It could be time to die at any time of the day
And I'll be goddammit if I let a nigga steel me
It will not happen
I'ma fire about a hundred and fifty shots at 'em

And got my glocks rammin' leave a nigga spot
damaged
That's how the beat made us
I chief three blunts, so I can get a head rush
Then come around the corner and your whole day
crush

I'm sick and tired, niggas choosin' test a boy
They get hit and die, some of 'em scared of
manslaughter
So they stay inside and watch they partner get lit up
And then they ask why, that's 'cause you played wit' me

They couldn't have known I'm a guerrilla
Drama stayed with me, run in his home went to kill him
Took his head with me
You better get it right or keep it right or lose your whole
town
Tell em' lights off, it's about to go down

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Massacre all these streets block it off
Lil' Wayne in yo' hood
With something like a rocket dog
And I'm after ya

I don't pass beef
I stop at all
That boy got a head on his shoulders
I knock it off

I'm highly intoxicated mixing krystelle and vodka
Somebody call the doctor 'cause my chopper done
went blocka, knocka
Nigga out the way, man
I'm sorry but us guerrillas we can't stay tamed, say it
man

Are you ready, ready
Ready for warfare Wayne, Turk, Juvi, and B Geezy they
all there
We all flare, don't care, dog they all tear
Give the guns to the one with the long hair

Dem block burner, it gets quiet they see the rims
twenty four seventy
They breathe heavily, bullets they come steadily
You better stay off the block 'cause you might fall
You better stay off the block 'cause the lights off

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Tell 'em lights off
Mask on
Creep silent
Your life's gone
We done left the block quiet

Tell 'em lights off
Mask on
Creep silent
Your life's gone

We done left the block quiet

Lights off

Tell em' lights off

La, la, la lights off

Nigga, lights off

We done left the block quiet
